WEDDING | CORPORATE | SPECIAL EVENT

Some events require more planning, preparation, and more equipment than others. A flat fee can't factor in all of these things without overcharging smaller, less demanding events. That is why we don't discuss a firm number until we fully understand what the client is seeking for their event.

- Fully Insured \$2,000,000/\$2,000,000 Liability Plus DJ Insurance.
- Large musical library of over 150,000 mp3 and mp4 files.
- Maintaining a music library is EXPENSIVE. We invest time & money maintaining HI-FI music, thru record pools, online databases, and other media services.
- Industry Standard pro-audio gear. We have invested more than \$20,000 into your event before you have with our High Quality DJ Consoles and Rigs
- Over 15 Years of Experience. DJ TL Smooth has performed on dozens of radio stations, as well as hundreds of concerts, private events, clubs, charities etc. He is a senior professional in his field.

LIGHTING AND SPECIAL EFFECTS

Ambient / Up Lighting

- If you are thinking of adding a certain flare or personal touch to your event, up lighting can be used to set the tone for your entire event by setting the atmosphere. The wireless LED fixture can be placed anywhere without regard for cabling. Optimal placement and beautiful lighting design can be achieved quickly and easily with minimal limitations. Choose a single color or mix between red, green, blue, amber, white and UV for an endless choice of colors.

Monogram

- A gobo monogram definitely provides that “wow” factor at your wedding or event. We can project your gobo, name/date/message, or company logo, relevant information or just about anything onto the dance floor, on a screen, or up against a wall. Sometimes called a “gobo projection” or “dance floor monogram”, we have multiple options to fit your style and/or budget.
